Occasional additional rehearsals, for festivals etc.

An enthusiastic choir and congregation; very diverse composition
Well maintained pipe organ; iconic neo-classical church building

The Anglican Church in Hamburg has had the same musical dynasty for well over half a century. So, we are looking at all options now, as we continue to fulfill our musical ministry for the future. We are ultimately flexible, as regards job-shares for example. So, please think creatively, and do get in touch with the Chaplain, and/or Choir leader if you might be interested in all or part of this role - for an informal conversation and to ask all your questions. We look forward to hearing from you.
